## Spring 2021

### Spring is here!

As life begins to return to normal, some plans are still in flux, so please watch for additions and updates which will be posted as needed.

### A Letter From the Board Regarding Manor House Rentals:

A number of residents have expressed interest in renting the Manor House and the Spring House during the upcoming months for large events. We realize that spring is a busy time for graduations, weddings, showers, etc. and the NCCA facilities provide a local venue for residents who cannot accommodate crowds at their homes. However, while we would like to approve your requests, please keep in mind that we are still in the midst of a pandemic and have a responsibility to protect the health and safety of our residents.

Therefore, until further notice and guidelines change, the Board cannot approve any group rentals at this time. We will continue to monitor the situation.

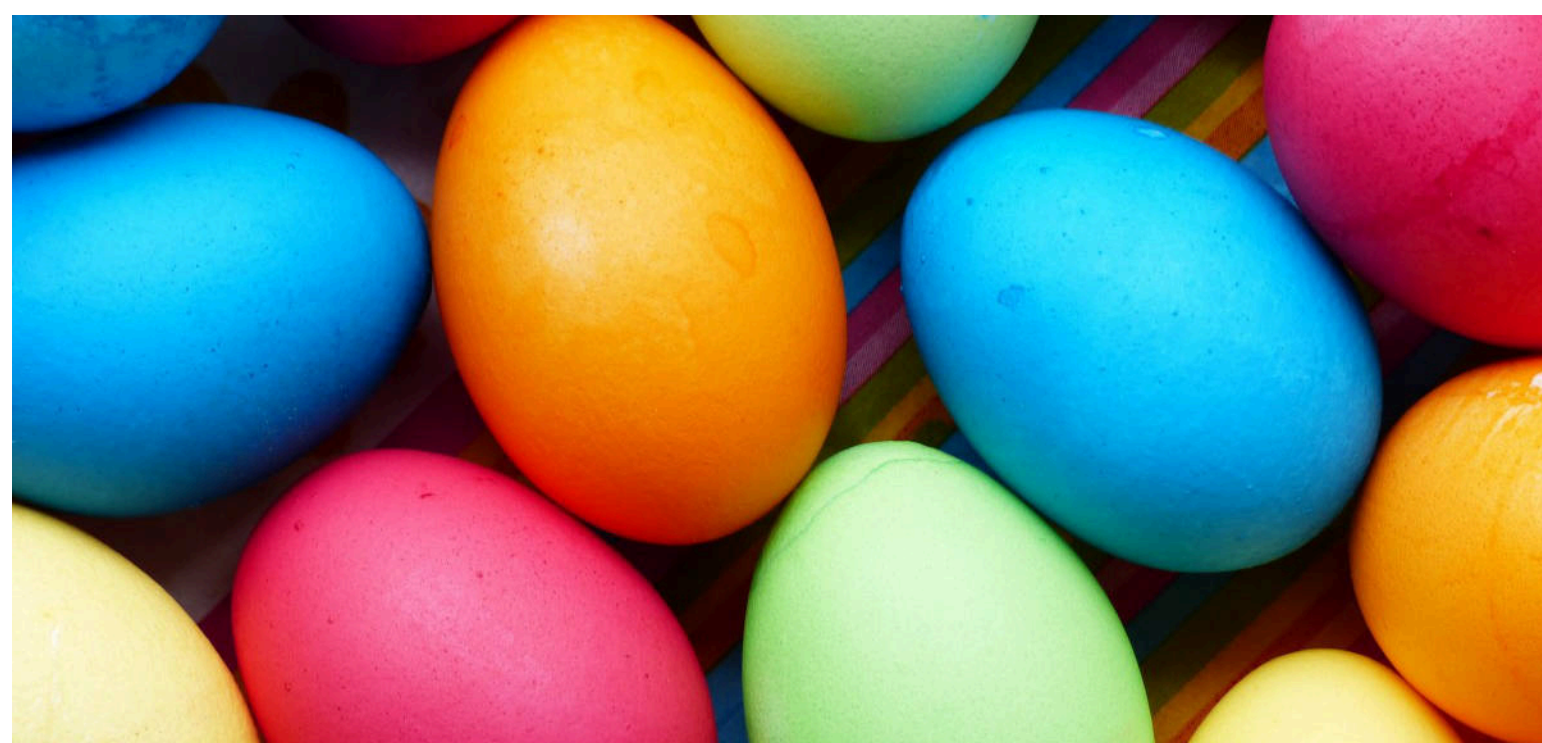

Thank you for your understanding.
